Other Bible Reading Plans

Join together in reading more of God's Word in 2016. In these plans you will take a short period of time to read the text in order to gain more fully the whole Word of God. Once you finish with one plan, start another. God's Word will bless your day and your Spiritual Life.

John and Proverbs- Suggested time: 31 Days

Each day read one chapter of John and one Chapter of Proverbs. You will find you get to know Jesus through His life story in the Gospel of John. As well you find you gain practical wisdom each day in Proverbs.

Complete Bible (at your pace)- Suggested time: One Year

Reading the entire Bible can be a great benefit to you. However, at times your schedule and the schedule of a plan may be difficult to follow. By beginning at the beginning of the Bible and reading just one book at a time you can follow the story of God's Word at your pace. However, you might find it beneficial to give yourself a goal each day to read a certain amount.

The Gospels - Suggested time: 60 Days

This plan's focus is on you following the life of Jesus. As you do you will see God the Son, King of Kings, Savior and man more fully. Knowing Christ better will launch your relationship with Him to new heights.

The Early Church - Suggested time: 28 Days

By reading just a chapter a day you can read the Book of Acts and see the first steps of the church's start. As well you will learn the miracles and blessing of the early church. This can help build your faith to see God today.

Specific Books of the Bible - Suggested time: Depends

There are many great books of the Bible you can focus on reading and then researching through online resources or study books you can buy or borrow. A few great ones are: James (practical advice to live by), Romans (Understanding Salvation deeper), and any of the Epistles.

Topical Study - Suggested time: Depends

There are many topics you can study to both help you in understanding and knowing how to address issues. You can use concordances or searches to begin to compile scriptures on that subject. As well you can do a study on a certain Biblical principal (i.e. grace, love, the Holy Spirit). By looking in Scripture for any and all references you will gain more in those deeper areas.
